

TEKNOFLOR®

(State-of-the-art NO WAX – NO BUFF Sheet Vinyl Flooring)

Wood, Granite, & Agate Collections

ENVIRONMENTAL BENEFITS

Recycled Vinyl

Teknoflor uses **recycled** vinyl.

Air Quality

No buffing of **Teknoflor** means **better air quality**:

- A. No wax particles vaporized into the air
- B. No dust particles dispersed into the air
- C. No bacteria particles or toxins into the air
- D. No irritating odors from floor finish & strippers

Water Quality

No strippers or finishes used means:

No wax and slurry flushed into the sewer system

Safety Factors

Teknoflor is Anti-Bacterial, Anti-Fungal and Anti-Static with Nano Silver Technology.

Extremely slip resistant –

wet 1.06	} Teknoflor Embossed & Granite
dry .88	
wet .722	} Teknoflor Agate
dry .69	

Cost Savings vs. Rubber, Linoleum, VCT and Sheet Vinyl

Teknoflor's maintenance is now about \$.50/sf per year, while other floors have maintenance costs averaging between \$2.25 and \$2.50/sf per year, consisting of waxing, stripping & buffing.

A savings of \$20,000 per 10,000 square feet annually is possible by using Teknoflor.
